IN THE CYCLING WORLD.

THE CANDIDATES FOR THE L. A. W. PRESIDENCY.

CALIFORNIA WAKING UP ON THE GOOD-ROADS

QUESTION—AMUSEMENTS OF THE HARLEM WHEELMEN—PROFESSIONAL RACING

GOSPI—OTHER NOTES AND COMMENTS.

Now that the place for the holding of the National Assembly has been decided on, the other leading question among the members of the League of American Wheelmen is, Who will be elected president? The candidates most mentioned just now are Isaac B. Potter and C. F. Cossum, of this State; Sterling Elliott, of Massachusetts, and A. Gresley Morrison, of Wisconsin. Lively as the campaign will be, possibly not one of the men mentioned will talk about his candidacy. Sterling Elliott says that he has nothing to say for the present, which is equivalent to his admitting, so some of his friends say, that he will be a candidate for reelection. President Elliott is stronger than some people will admit, and if he goes into the campaign in earnest somebody will have a fight to beat him. There are many of Mr. Potter's friends who say that the chief credit of this State will go to the office under consideration, but if he does not desire to be left off, he can come pretty close to saying who will get it. New-York, with its 20,000 members, is a power in the L. A. W., and when reasonably sure of victory, a man like Mr. Cossum will likely be a popular compromise candidate. Mr. Morrison is a clever young man, and he would give the support of the West and a good part of the South. He could carry New-York and even Illinois. His election would be assured.

The place for the meeting of the National race next season will be decided by mail vote. New-York may not be as anxious to have the meet as has

California is waking up on the good-roads question. A meeting of good-roads advocates was recently held in Sacramento for the purpose of forming a State good roads league to co-operate with all other good roads organizations, and to unite all with headquarters at Sacramento. The movement began with the cyclists and Humane Society. They originated the agitation in California, and called and promoted the first road convention held on the Coast, with the wheelmen, drivers, liverymen, and others. The idea of the California League is to promote good roads and practice legislation, to secure definite and practical legislation, and to prevent bad roads and energy in patching up old and new roads. The Sacramento League will be a sort of educational bureau, so to speak, to labor and create a healthful sentiment on road economics, and to impress the

system for good road building, and to have a body with which all the city and county good roads come to a common co-operative arrangement.

At the same time, the members of the League

will be considered as a source of the club's strength, and the club will be a source of the members' opportunity of seeing their efforts to better American highways meet with success.

The initial "smoker" of the Harlem Wheelmen for the season of 1896, which was slated for last Saturday evening, was postponed until next Saturday, owing to the professional engagements of the performers. The "smoker" is an ambitious affair, as a whole vaudeville show has been arranged for, and a prominent heavyweight boxer will give an exhibition of bag-punching. The club theatre party at the Garden Theatre on Thursday was a success, 264 seats being taken by the members of the club and their friends. The girls were dressed in costume, with a gaudily-dressed amateur as a souvenir of the 15th-anniversary performance of "Evangeline" and of the club's visit. Presents were also made to the other principals in the cast. The club's annual ball will be held at the Lenox Lyceum on January 15.

A special race between Baldwin and Cooper, or between Zimmerman and Baldwin, would attract considerable attention, but at present it looks as if neither race will take place. That Baldwin is anxious to meet both his rivals seems assured, but the attitude of the other two men, so far as we know, is not clear. If Baldwin wins, he will be one hour and forty minutes ahead of the record. His clubmates are confident that he would have broken the record for the entire trip easily had not his bicycle given way. He said last day that he has abandoned the race track and the next day, when ready to meet all comers, from 10 a.m. on, might be a good idea to count "Zimmy" out of the game until he puts on a racing suit and appears on the track.

The next regular meeting of the Pierce Cycle Club of the Twenty-sixth Ward of Brooklyn, will be held at the home of Miss Mattie M. Blades, No. 5 Fifth-ave., Brooklyn, on Thursday evening, at 8 o'clock.

The Brooklyn Heights Wheelmen have made arrangements for a mass-meeting in the interests of sound money, to be held at 8 o'clock this evening at Clinton and Fulton sts. Addresses will be made by Charles H. Treat, of New-York; Henry L. Zimmerman, Theodore B. Willis, Denis M. Hurley and Thomas H. Wagstaff, "Joe" Caccavaso will also give an exhibition of bicycle riding on an indoor riding machine.

The meeting will be preceded by a bicycle parade, the leaders of which are invited to join. The bicyclists will meet at Clinton and Fulton sts., and the line of parade will be as follows: Through Clinton and State sts., to Avenue C, then to Avenue of the Americas, to Broadway, to Eighth-avenue, then to Orange-st., to Columbia Heights and through Pierrepont-st., thence to the First Ward headquarters, where all bicycles will be taken care of during the meeting.

There is considerable expectation as to who will succeed George D. Gideon as chairman of the Racing Board of the L. A. W. Mr. Gideon has been a prominent, earnest, and honest worker in the cause of racing in the two years which he has held office, and it will be a difficult matter to secure
